Trails of Red Hill Conservation Area Moultonborough & Sandwich

These trails are maintained by volunteers and are generally in good condition.

Red Hill (Fire Tower) Trail

Main trail to the summit fire tower. Trailhead on Red Hill Road. Great views of Winnepesaukee, Squam, the Ossipees, the Squam and Sandwich Ranges, more.

Grade: moderate. **Distance:** 1.75 mi.

Indoors or outdoors feet stay cozy, socks stay clean.

Perfect for all who love to be cozy. Visit WinniesSocks.com to learn more.

Cabin Trail

Trail branches off Red Hill Trail at the Horne cellar hole, about 0.5 mi. from the trailhead; instead of going left on the Red Hill Trail, go straight ahead; after 0.2 mi. at a junction with a snowmobile trail, go left; in another 0.5 mi., the trail reaches a nicely built, fairly well-preserved hunter's cabin.

Grade: moderate. **Distance:** 1.3 mi.

Eagle Cliff Trail

Trail provides a route to Red Hill fire tower via Eagle Cliff, providing views of Squam Lake and the Squam Range from Eagle Cliff along the way, and excellent views at summit. **Grade:** easy to moderate, except at the cliff, where it is steep. **Distance:** 2.6 mi.

Teedie Trail

This short trail from the Eagle Cliff Trail to Bean Rd./Squam Lake Rd. can be used to avoid a potentially dangerous descent of the cliff in wet weather when coming down the Eagle Cliff Trail. It can also be used to make a loop with the westernmost part of the Eagle Cliff Trail and Bean Rd./Squam Lake Rd.

Grade: easy. **Distance:** 0.6 mi.

Sheridan Woods Trail

Trail runs from trailhead on Sheridan Rd to high ground on southeastern Red Hill, with views of Sandwich Dome and Mt. Israel at the highest point.

Grade: moderate, though most elevation is gained fairly early on. **Distance:** 2.5 mi.

Scenic Trail

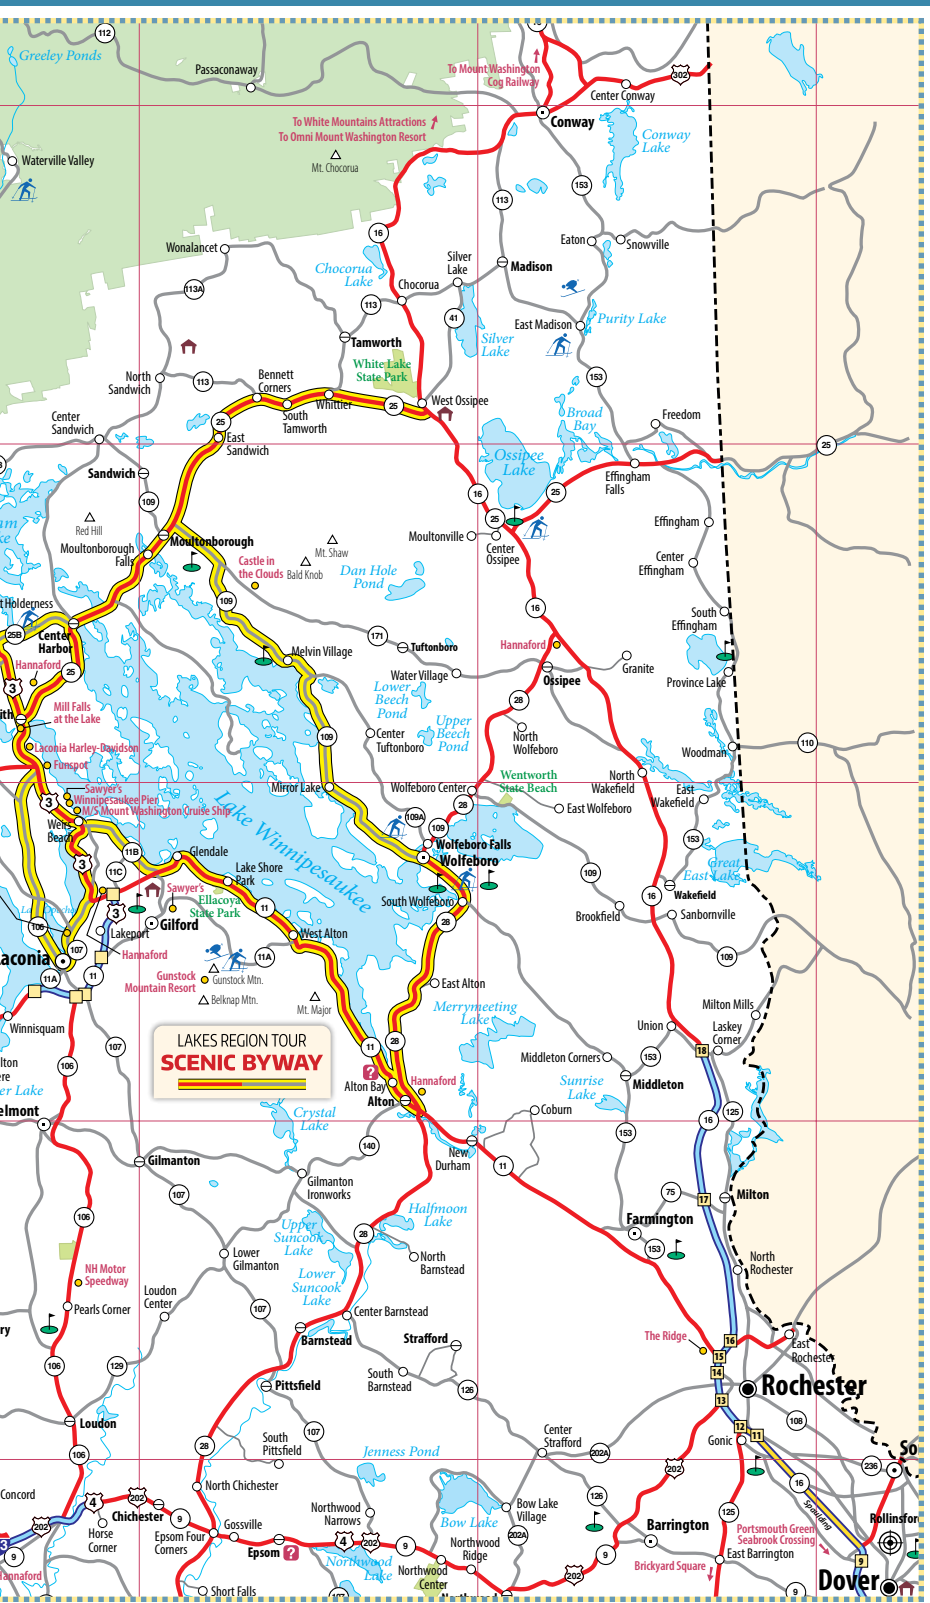

This trail branches off the Sheridan Woods Trail about 0.5 mi above the trailhead and rejoins the trail in about 0.5 mi., providing an alternate route for part of the climb. Excellent views from two outlooks: across Garland Pond to the Ossipee Range, and to the Sandwich Range. **Grade:** moderate to steep.

Distance: 0.5 mi.

The Lakes Region

The Lakes Region Tour

Length: 97 miles ■ **Towns:** Alton, Ashland, Center Harbor, Gilford, Holderness, Laconia, Meredith, Moultonborough, New Hampton, Ossipee, Sandwich, Tamworth, Tuftonboro and Wolfeboro ■ **Highlights:** Circumnavigate Lake Winnepesaukee, New Hampshire's largest lake, and stop for a mountain hike, a walk through the region's friendly downtown areas, or a visit to a historical museum.

Or cruise the Big Lake on the *M/S Mount Washington*. ■ **Website:** lakesregion.org

The Lakes Region Scenic Byway circles Lake Winnepesaukee, the largest and most popular lake in New Hampshire. Beginning in **Alton**, the route follows NH Rte. 11 north through **Alton Bay** up through **Gilford**. This western side of the lake features exceptional views of both the lake and the *Ossipee Range*, and offers numerous recreational opportunities. Hike to the summit of *Mt. Major* for wonderful views of the Lake and surrounding mountain ranges, or stop at *Ellacoya State Park* for a picnic or a swim.

Weirs Beach, with its amusement parks, arcades, and shopping, is one of the most popular family resort areas in the state.

This area of the Lakes Region Tour is always bustling with activity. A few miles to the north, you'll view scenic gateways to **Meredith's** traditional New England village with a panorama of Lake Winnepesaukee and the White Mountains to the north.

The route can be followed via Rte. 25 to the quaint lakeside village of **Center Harbor** and on to **Moultonborough** before choosing to either continue on Rte. 25 to explore the **Ossipee Lake** area or travel

south on NH Rte. 109 to experience the charm of the less developed eastern side of Lake Winnepesaukee to **Wolfeboro**, known as the "Oldest Summer Resort in America."

The Branch River Valley Trail journeys through the small rural towns of **Wakefield** and **Milton**, and on to the Maine border. Take a walking or bike tour through the town of Wakefield or learn more about the agricultural heritage of New Hampshire at the New Hampshire Farm Museum.

Scenic Byways

The Lakes Loop

Length: 134 miles (approximately)

From the town docks in **Meredith** on the shores of Lake Winnepesaukee, turn east on NH Rte. 25 to **Center Harbor** and **Moultonborough**, where you'll head south on NH Rte. 109, a windy route that offers frequent glimpses of the Big Lake as it takes you through **Wolfboro** (the "Oldest Summer Resort in America").

Outside Wolfboro, Rte. 109 turns east, passing *Wentworth State Park*, to **Sanbornville** where you join Rte. 153.

Go north to **Conway** to join the *Multi-Notch Mountain Ride*, or to continue the Lakes Loop, follow it south through **Union** to **Farmington** and Rte. 11 East in **Rochester**. In Rochester, turn southwest on Rte. 202A to **Northwood**, where you'll briefly turn east on Rte. 4 to pick

up Rte. 152 south. In **Nottingham**, pick up Rte. 156 to **Raymond** where you'll head north on Rte. 107 through **Deerfield**, **Epsom**, **Pittsfield**, **Barnstead**, **Gilmanston**, and **Laconia**. Turn onto Rte. 3, which will take you back to Meredith.
